CATCHES HIM ON GREASY CREEK.

Sheriff Hamby and constable Wm Smith made a very important arrest last Thursday night, when they caught Dick Drake of Huntsville Ala, who had stolen some money and a pistol from Mrs. Sanders at that place. Sheriff Hamby was notified by the Alabama authorities that it was thought that Drake was in this vicinity so the sheriff looked about and finally located him in the Greasy Creek section, and taking Mr. Smith with him they caught him Thursday night, and after giving him the 3rd degree he shelled down the corn and said he was the guilty party. So Mr. Smith left with him for Huntsville the next day.

A Hand on the Shoulder.

When a man ain't got a cent,
And he's feeling kind of blue,
And the clouds hang dark and heavy
And won't let the sunshine through,
It's a great thing, oh, my brethern,
For a fellow just to lay
His hand upon your shoulder
In a friendly sort o' way.
It makes the tear-drops start,
An' you sort o' feel a flutter
In the region of the heart.
When his hand is on your shoulder
You don't know what to say,
When his hand is on your shoulder
In friendly sort o' way.
Oh, the world's a curious compound,
With its honey and its gall,
With its cares and bitter crosses—
But a good world after all,
An' a good God must have made it—
Leastways, that is what I say
When a hand is on my shoulder
In a friendly sort o' way.

A Letter From Bowen Colo.

Mrs. Mabel Payne Snoddy Writes
Interestingly of Colorado.

Will you let a Tennessean out in Colorado, write a few lines to your paper, my father was raised in Grundy County and lived at Tracy City when I was a baby. He has three brothers and one sister there now, they are Ben, George and Buddie Payne, and Mrs Lucy Sanders, of Pelham. I will try to describe Colorado, where we live, we are five miles from the nice little city of Trinidad and the mountains are almost on three sides of us, we live in a nice little coal camp right at the foot of the mountains. The mines are about 2000 feet up the side of the mountain and a tunnel goes there and the regular mines goes in at the other side of the mountain. Miners get good wages but everything is pretty high. You can raise nearly everything you need out here if you irrigate. Fruit is fine and cheap out here, chickens, eggs, butter and meat, are high. We had the prettiest weather out here all thru Feb. and March, but it has snowed every day since the first of April and its snowing tonight too, we have been out here 3 months and and it has rained about 5 minutes one time, but it has snowed enough to insure good grain, and alfalfa crop this year. I noticed in Mrs. Grundy of last week that cousin Bessie Payne was married I send my heartist congratulations and wish them a long and happy life. A few items about some of their kin in Okla. Uncle Bob Payne is with his nephew Frank Payne and family at Shawnee Okla., but is talking of coming to Colorado this summer. Aunt Harriet Payne and Eugene and Jessie are living in Okla City now, aunt Ellen Payne has two new daughters in the last year, Herbert and Pete have both married. Colorado items, Jerome Payne wife and two sons, Homer and Edward are living at Broadhead Colo. their two grand daughters Thelma and Francis Snoddy, have been visiting them for two weeks. Mr. Payne, wife and youngest son have been sick for the last week with lagrippe but are up again now. Father takes Mrs. Grundy to hear from the old home state. Would be pleased to see this in print and would love to write again telling more about Colorado, if you print this. I was back in Tennessee in 1904, when Rev. James B. Chapman had the big meeting at Pelham and Tracy City, but my husband being born and raised in Texas, he don't like Tenn. I expect my letter is long enough so I will close.

Mrs. Mabel Payne Snoddy.

Ry. and is an accomplished and beautiful young lady. The groom is an industrious and energetic young man and of good habits.
